## 15" HEXPIN HEXPLATES WITH SUPERCLUTCH

Use the standard Hexpin Plates or Hexpin Blocks with our patented system of interchangeable Hexpins for grinding, sanding, polishing and coating removal. Pearl's unique spring-based technology allows the Hexpin attachments to float easily over rough surfaces while the fluted plate design helps maintain dust control. Engineered for use on standard floor buffers and dual-headed diamond grinders, the Pearl Hexpin System is a tool that gives you choices.

Wide variety of interchangeable pins for grinding, sanding and coating removal. Spring mounted pins to allow for uneven surfaces.

HEX17CLTH

### PRODUCT HIGHLIGHTS:

- For 1.5HP 175 RPM 17" machines.
- Durable, solid cast aluminum base plate.
- Fluted for dust control.
- Spring-loaded tool holders for maximum floor control.
- Interchangeable tools available for scraping, sanding, grinding, and polishing concrete.
- Super Clutch to safely prevent coupler breakage and buffer damage.
- Super Clutch is self resetting.
- Manual resetting torque locks (red tabs) inside clutch housing will keep clutch from disengaging.
